GENERAL TERMS AND CONDITIONS

- Projects applied for must be within the WSRCD; and
- Failure of a landowner to meet Landowner Responsibilities may negate him / her from other WSRCD programs.

PROGRAM DETAILS

- WSRCD will pay 50% of costs to a maximum of \$1000 for the establishment of a new well or sandpoint, and associated pipeline for household or livestock use. Assistance will be on a **one time per farm unit basis.**
- Materials and contracted labour or equipment costs are eligible for the rebate.
- Wells, sandpoints and pipelines must be developed or installed in accordance with proper environmental guidelines and considerations. **Wells should be no closer than 50 feet from septic tanks, and at least 100 feet from septic fields and livestock facilities. Excavated wells are not eligible for assistance.**
- Funding eligibility will depend on the identification of an acceptable ground water source.
- Applications are subject to Board approval and availability of funding.
- Applicant must supply a copy of the Driller=s Report and invoice for construction.
- **Only wells developed by licenced well drillers will be considered for funding.**
- Test holes to determine a water source will be eligible for funding at the same rate. Where a well is developed as a result of test drilling, eligible costs will include the combined costs for test holes and well development.
- Old wells no longer in use as a result of the establishment of a new well under this program will be properly sealed and capped. Application may be made under the District=s Abandoned Well Program to address such cases.

I hereby declare that I have read and understand the terms and conditions of the Establishment of Water Supply program, and I do herby agree to abide by said terms and conditions of the agreement
